WHEN CLASSES END, MEALS CONTINUE

Take advantage of the Summer Feeding Program

Summer should be a break from study, not good nutrition. Thanks to the Summer Food Service Program, nutritious meals during the summer are available at no cost to all children aged 18 and under.

To participate, children may simply show up at a participating program-feeding site. For more information about the summer feeding program, visit www.summerfood.org or call 2-1-1 or text FOOD to 304-304.
